The Tech

Vol. XXV. No. 3. BOSTON, MASS., MONDAY, OCTOBER 2, 1905 Price Three Cents.

FRESHMEN DINNER.

Enthusiastic Meeting at Tech Union Saturday Evening.

The Freshmen dinner under the auspices of The Tech, at the Union Saturday evening, was very successful in every way. One hundred and fifty Freshmen turned out, and if noise was any indication of a good time they certainly had it.

Mr. C. T. Bartlett, '06, introduced E. T. Steele, '06, as toastmaster. Dr. Tyler was the first speaker. He told of how he had first heard of the members of the class of '09, how later he came to know them better, and how finally they would be proud to be members of the great army of graduates of the Institute.

Mr. Mahan then talked on athletics. He spoke of the democratic spirit shown here, and of the success of Tech in sports during the last four years, saying that now Tech was even with Dartmouth and Amherst in dual meets, had two cross country victories to the good and stood high in the first rank in the intercollegiate meets.

In introducing C. T. Bartlett, '06, as Editor-in-Chief of The Tech, Mr. Steele said that the tri-weekly at the Institute was a practical necessity to the men if they desired to keep in with their fellow students. Mr. Bartlett then said that The Tech was not a benevolent association, but that it tried to give its entire aid to all student interests. He made an appeal for men to come out for the news staff and the business staff of the paper.

A. H. Donnewald, '07, then spoke on *Technique*. He explained what the annual was and how it was conducted, and said that men from the Freshmen class were needed to help the editorial staff in the way of grinds and also in the way of the class history. Originality is what the *Technique* '07 editorial staff is aiming at, and it needs the hearty co-operation of all to make it a success.

A. Macomber, '07, stage manager of Tech Show, told what the show is, how it has grown from a minstrel show, and how all men from the Freshmen and Sophomore Classes should come out for it and support it in every possible way. In speaking of the advantages attending trying for the Show, he said that comradeship was necessary here, and that many firm friendships were formed by the association of the fellows at rehearsals.

J. T. Lawton, '06, spoke in behalf of the Musical Clubs, and the Union. He showed the advantages and pleasure that the fellows got out of the Musical Clubs. Of the Union, he said that it is a meeting place for all student gatherings of an informal nature, and urged the men to use it and to attend regularly, the Kommers held every Saturday evening.

J. H. Leavell, president of the class of '07, then aroused the fellows

(Continued on Page 3)

Y. M. C. A. RECEPTION.

Freshmen are Introduced to Student Activities.

A large number of Freshmen attended the reception of the Technology Young Men's Christian Association last Friday evening at Tech Union. Ample opportunity to meet one another was given them, and various speakers introduced them to undergraduate activities. President H. B. Orcutt, '06, of the Association, presided.

After a few opening remarks, President Orcutt introduced Dr. Pritchett, who was greeted with a hearty cheer. The key note of Dr. Pritchett's remarks was that Technology men should not become so absorbed in their studies and daily work as to forget their fellow-men. The principal purpose of the Union is that it may be a place where Technology men may meet and know one another. He also urged the men to give a part of their time to thinking of the great underlying and vitalizing principles that make life really worth living.

The Rev. Dr. McElveen of the Shawmut Church welcomed the men to Boston and its churches. He seconded Dr. Pritchett's remarks and spoke of the necessity of living clean, upright lives.

W. J. Knapp, '06, told the men of Technology Athletics. We have a fine Athletic Field, a new gymnasium, and a coach who has the success of the Track Team at heart. The speaker urged the men to support their class teams either by active work or by cheering.

A. H. Donnewald, '07, in speaking of *Technique*, told the men that it was only the man with the experience that was able to be elected to the *Technique* Board. He advised the men to start work at once on the student publications and try to gain the great honor of being an Editor of *Technique*, the country's best college annual.

H. C. Henrici, '06, spoke of the work of the Musical Clubs, and urged all men, whether musicians or not, to try for the Clubs, as there are several vacancies which must be filled at once.

Wm. Green, '05, told of Tech House, the student settlement in Roxbury. He said that a man at the house met and learned to know the men with whom the engineer is thrown in contact. Tech House affords a place where a man can help other men to lead better and cleaner lives, and teach them the very things that he has come to Technology to learn.

Mr. Don S. Gates, of Dartmouth, the new College Secretary, said that the Association plans to have meetings every Thursday noon, and urged all Technology men to come to those meetings.

After some refreshments and a few cheers, the Freshmen marched down St. Botolph street, and the evening came to an end.

SOPHOMORE CLASS MEETING.

Dinner to be Held at Tech Union Next Saturday.

The Sophomores held their first class meeting last Friday. It was decided to assess the class one dollar per man to provide funds for the support of the teams, and a committee, composed of T. W. Orr, chairman, W. A. Adams, A. Ellis, G. F. Glover and W. R. Heilman, was appointed to collect the assessment. Saturday night next was chosen as the time for the Sophomore dinner and G. S. Witmer chairman, H. R. Putnam, Jr., and A. Ellis were chosen to make the necessary arrangements.

President McGuigan appointed a committee of Messrs. H. A. Rapelye, chairman, B. L. Gimson, N. B. Gregory, G. M. Gilkinson and A. T. Weeks to receive the nominations for class officers and to manage the election. Each nomination must be signed by ten members of the class and left at the Cage addressed to '08 Nomination Committee before 1 o'clock Tuesday. The elections will begin Wednesday and the results will be announced at the dinner Saturday night. The following men were elected for the year: Manager of the Relay team, H. W. Hoole; manager of the Tug of War, H. Webb; assistant manager of the Football team, W. A. Adams. Jorge Lage, '06, addressed the class on the subject of fencing, and H. B. Hallowell, '06, spoke for the Tug of War team.

HARE AND HOUND CHASE.

The first Hare and Hound chase of the season was held in West Roxbury last Saturday afternoon. The run was the largest ever held at Technology, forty-seven men taking part. A good trail was led by C. S. Clapp, '08, and E. S. Campbell, '06. The time of the hares was forty-five minutes, and that of the hounds was fifty-one minutes. H. R. Calloway, '08, and E. B. Rowe, '06, were first at the bags. The order of finishing was: First, W. Beam, '07; second, P. J. Clapp, '06; third, H. R. Calloway, '08; fourth, G. H. Ruggles, '06; fifth, B. Adams, '06; and sixth, W. R. Thompson, '07.

The next run will be held on next Saturday afternoon at Hyde Park. Train leaves the Back Bay Station at 2.19 P.M. The round trip fare is twenty cents.

TRACK TEAM.

The first call for varsity track athletics will be issued Thursday, October 5. All men interested in track athletics should make preparations to commence work promptly at that date. The management expects a good team this year, as all of the old men are back and some promising material has been found in the entering class. The date of the Fall Handicap Track Meet has been fixed at October 28.

CALENDAR.

Monday, October 2.

4.00 P.M. 1909 Football practice begins at the Gym.
4.00 P.M. Mandolin Club Rehearsal in 31 Rogers.
4.00 P.M. Banjo Club Rehearsal in 33 Rogers.
4.00 P.M. 1908 Tug of War team begins practice at Tech Oval.

Tuesday, October 3.

1.00 P.M. Sophomore Class nominations close.

Wednesday, October 4.

4.00 P.M. Mandolin Club trials in 31 Rogers.

FACULTY NOTICES.

Tuitions and fees must be paid by October 10. No bills are sent without request.

Students are asked to return to the office, copies of the programme that are no longer needed.

The Class in Advanced English Composition will meet in 16 Rogers today at 10.30 o'clock.

Attention of Third and Fourth Year architects is called to the changes of the Tabular View.

The exercises in Metallurgy of Iron is transferred from Huntington Hall to Room 22 Walker.

Students are requested to take their last year's labratory note books from Room 16, Walker, at their earliest convenience. Books which are not claimed by November 1, will be confiscated.

Sections in Political Economy:

Time	Place	Course
Monday, 9-10	42 Rogers	I, VIII-3 & XI
Wednesday 11-12	42 Rogers 36 Rogers	II, IV, & XII
Friday, 9-10	21 Rogers 25 Lowell	III & VII VI & XIII
Friday, 10-11	42 Rogers 25 Lowell	V & VIII-1 & 2 VI-2

NOTICES.

Y. M. C. A. handbooks can be secured at the Association office in Eng. B, 12-30 to 2 daily.

1908 Tug-of-War. There will be practice today at 4 o'clock at Tech Oval. Everyone come out. New men wanted.

There will be target practice on the rifle-range at Wakefield tomorrow afternoon. Men can get rifles by applying to Major Wheeler in 37 Rogers.

The Banjo and Mandolin Clubs will hold their first rehersals in 33 and 31 Rogers, respectively, at four o'clock this afternoon. The trials for the Mandolin Club will be held next Wednesday afternoon.

Men desiring to have reading notices inserted in The Tech can do so by seeing the Business Manager. The charge is five cents per line.

The Tech

Published every Monday, Wednesday and Friday during the college year (from September to June), by students of the Massachusetts Institute of Technology.

Entered as second-class matter October 6, 1904, at the post office at Boston, Mass., under the Act of Congress of March 3, 1879.

Subscription - - $1.50 per year in advance.
Single Copies 3 Cents.

In charge of this issue: W. F. DOLKE, 1908.

Monday, October 2, 1905.

WILLIAM A. NICHOLS, PRINTER, 208 SUMMER ST., REAR

If everybody keeps to the right in Roger's Corridor and uses the right hand stairs, much confusion will be avoided.

Articles and notices should be left at the News Bureau in Rogers, by 1.30 P.M., on the day before issue. Every effort will be made to insert important articles left before 4.30 P.M., although insertion at that late hour cannot be guaranteed.

Enthusiam and Work.

The enthusiasm voiced by the members of the Freshman Class at the dinner Saturday evening is a good beginning for their preparations for Field Day. Enthusiasm in plenty is essential to a live and interesting contest. But it is not the only essential. Work, hard, steady, united work, either directly on the teams, or indirectly through encouragement, untiring effort on the part of the entire entering class is necessary to make their games with the better organized Sophomores a success.

Tennis Tournament.

As was announced in our last issue the entries for the fall tennis tournament will close at the lunch hour today. The tournament last year was the largest and most successful ever held at the Institute. After the record made by our representatives in the New England Intercollegiate tournament last spring, and with the two new courts of our own, the entries this year should exceed even those of 1904. No great skill is requisite for entrance into the tournament, in fact all men who play at all are expected to turn out. You may not be able to last till the final rounds but the experience of a few sets in a tournament is invaluable. Send in your name.

Announcement.

All men thinking of trying for the Editorial and News Staffs of THE TECH are requested to meet in Room 30, Rogers, at 4.00 P.M., this afternoon. The work will be explained and the first enrollment will take place. Men wishing to try for the Business Staff are requested to see the Business Manager.

TECH SHOW.

All men intending to write the play for the Annual Tech Show must have the same completely finished and handed in to R. W. Parlin, General Manager, on or before Nov. 1, 1905. General Mgr's office hours will be posted at the office of the Tech Show, 34 Rogers, next week. The Stage Manager may be seen at the office on Tuesdays; 1 to 2 o'clock.

HARVARD FOOTBALL.

Dr. Dudley Sargent, the head of the Harvard Gymnasium, has made the announcement that the candidates for this year's Harvard eleven are the poorest lot, physically, that have been out for a Crimson team for years. The announcement is the result of his physical examinations, which all Harvard athletes have to undergo.

FRESHMAN FOOTBALL.

The Freshmen Football team begins practice this afternoon at the Gym. Manager Belcher urges every Freshman who thinks he knows anything about football to come with a suit and be ready for work. The Juniors will coach the team until a regular coach can be secured.

SOPHOMORE FOOTBALL PRACTICE.

Twelve men responded to Capt. Glover's call for football candidates Saturday afternoon at Tech Field. The coach Harry Ball appeared discouraged with the small number of men at work, and put them through light preliminary practice. Those that reported were: Glover, Barnes, Putnam, Smith, Heilman, H. Allen, M. Allen, of last year's team, and Brown, Sewell, Shreveport and Hall.

Captain Glover and Coach Ball wish it said that they are discouraged over the outlook and earnestly desire that a large number of candidates will report.

FRESHMEN DINNER.

(Continued from Page 1)

to a high pitch of enthusiasm. He explained what Field Day is, and gave the list of events that would come off on November 11, next. He then said that fellows should come out first, because it is "nasty" to loose, second, because it is the duty to the class, third, because it is an advantage to the students and lastly, because a man loses his self respect if he does not come out. The evening was then closed by cheers and songs. Altogether the whole dinner went off very well, and a good many men had to be turned away at the door for lack of accommodations.

SUITS from $30 TROUSERS from $7

Men's Shoes

Third Floor

In our shoe department all the newest shapes and leathers will be found. Good sturdy shoes that will stand lots of hard usage and look well up to the bitter end.

BOSTON'S NEW STORE

STRICTLY FIREPROOF THROUGHOUT.

HENRY SIEGEL CO.

WASHINGTON & ESSEX STS.

Umbrellas

First Floor

Right near the men's furnishings is one of the most complete stocks of fancy and plain umbrellas in Boston. Dozens of big husky ones to bang around, strong on looks, too.

Tech Styles for Autumn and Winter

Whether you are a conservative dresser or go in for all the new fads in clothes, you will find at the New Store all the latest and best cuts, fabrics and colorings. Our buyers keep the closest track of fashions in such centers as London and New York and those which seem to fit the Boston trade are quickly placed in stock at prices which the exclusive shops can not even approximate.

Snappy Coats and Suits

THIRD FLOOR

All the fall suits are on our counters, our coats are single or double breasted, cut long, with body-fitting or loose backs, broader lapels than last spring, and deep center or side vents. The swellest trousers are peg topped and waistcoats are all single breasted except the stylish fancy ones which are made up in either style. The most popular colorings are the greys and over-plaids, but blacks, blues and browns come in for their share of popularity.

The top coats of the moment are short and very boxy. Coverts, oxfords and blacks are the prevailing colors, the collars are close fitting and the shoulders are carefully concaved. None of the new touches have been omitted.

Absolutely waterproof raincoats, 52 inches long, are to be great features with us for this season. The stylish colors in these garments are, perhaps, more diverse than ever. The shoulders are broad and concaved and the whole effect is loose and roomy. Paddocks, Chesterfields and all the popular long, full coats are peculiarly fitted to college wear and Tech men will soon appreciate that never before have they been able to get ready made clothing which equals high grade custom work and at prices within the reach of all.

Derbies and Soft Hats

THIRD FLOOR

Flat set and flat brims have the call this time. All the new derbies are built on these lines, the brims are narrower, too, and the crowns are rather higher than was the case twelve months ago. No man who ever pretends to keep himself well groomed can be without the derby and these late models are as swagger as they make them. The soft hat which is carrying the bulk of the college business is the telescope, in gray or nutria with bound or raw edge. This is distinctly a young man's hat, and with any plain or fancy band, will make a serviceable, distinctive headgear for all but dress occasions. When you need something right for evening wear, you will find American and imported silk hats of the latest forms at tempting prices.

Swagger Haberdashery

FIRST FLOOR

Just within an Essex Street entrance is a Men's Furnishing shop complete. We are showing some of the most exclusive lines; one of the prize winners is a shipment of the famous "H. D." Chemises Perfectionees, the very latest Parisian negligee shirts. They have bodies in solid browns and blues, with bosoms and cuffs of fancy materials to match. Our leading cravats are the very broad bat-wings and the large folded four-in-hands; both are in the shown popular fancy colors and in the quieter solid shades. An inspection of our collar counter demonstrates that the ultra swell collar is to be the square pointed wing, although the old standby, high band will be widely worn. Silk pajamas, in solid blues, pinks and ecrus are being called for more and more and our bath-robes are more necessities than luxuries, long, warm and handsome. The latest walking stick is the plain, severe imported one—just a rich silver band to relieve it. Look over these goods. We import our own novelties and can show special extreme lines not to be seen in any other store.
